About H2O Missions, Inc.

Incorporated in 2012, this ministry grew out of the Jefferson UMC and was incorporated to provide a base of operations for all denominations in Ashtabula County as well as other individuals, businesses and other organizations with a heart for this work.

Since 2011, volunteers have worked annual “blitz days” to perform a variety of home repairs in addition to other repairs throughout the year on a limited basis.

Newsletter published quarterly H2O Missions, Inc. and open to organizations with a similar mission (warm, safe, dry homes for persons in need).

Contact us at 2-1-1 or jhowe@h2omissions.org to add your name or that of another to our mailing list, or to contribute information to a future edition of this newsletter.

Volunteer with WORD skills to lay out format needed.
